

Saturday, April 28, 2007
11 a.m. – 4 p.m.

Campus will be bustling with activities and student projects. See Formula and Baja vehicles, attend the Whiz-Bang chemistry show, and drop in on the World Robofest Championship, an international robotics competition for 5th-12th grade students. And there's more:

- Engineer your own river
- View the work of tomorrow's architects and designers
- Play student-created video games
- Watch civil engineering students break a concrete bridge beam
- See a concrete canoe that really floats
- Find out what a dynamometer is and see it in action
- Design a car in clay
- Tour the Colleges of Architecture and Design, Arts and Sciences, Engineering, and Management
- Meet faculty and students
- Have lunch and enjoy root beer floats

And there's still more!

Accepted Fall 2007 students: Attend a special presentation just for you at 3 p.m., Architecture Building, room A200.
